

ATTENTION VOTERS

According to State and Federal laws, counties must adjust voting lines to meet changes in population as shown by the 2010 Census. Gregg County has drawn new voting precinct lines to meet these requirements.

We have also lost several of the actual buildings where we used to vote. Because of this, Gregg County has moved some of our polling places.

These changes will go into effect January 1, 2012.

You will receive a new voting certificate at the end of this year. The certificate will show your voting precinct number.

VUID	Gender	Valid From 1/1/2012
Year of Birth	Prec. No. 8	Thru 12/31/2013

Please refer to the chart below to see if your voting precinct or your polling place building has changed.
